01. Our Roots

From the first seed we planted in 1974, to the first worker we hired, to the first nut we cracked, we have always been devoted to quality.

Today, the Kenya Nut Company is one of the leading macadamia nuts processor worldwide. Presently, we employ more than 2,500 skilled personnel in the macadamia and cashew nut processing department.

Our products meet the highest international quality standards, from the seedlings in our orchards to the retail product at the supermarkets.

02. Vision

"To be the brand of choice in Africa"

03. Mission

"To profitably create and provide superior products for our customers in a friendly working environment through transparent and fair relationships with all our stakeholders."

04. Core Values

1. Integrity:

KNC will be ethical, accountable and transparent in its dealing with all stakeholders.

2. Customer focus:

KNC is committed to achieving customer satisfaction through continuous improvement in products and exceeding customer expectations.

3. Equity and Fairness:

KNC will treat all customers and stakeholders equally.

4. Respect and Diversity:

KNC endeavours to inculcate a culture of respect

for each other and takes cognizance of the diverse cultures in the company.

5. Care/Sense of Family:

KNC will be a fun place to work in, and will operate within the confines of a good family setting.

6. Corporate Social Responsibility:

KNC will embody the principles of corporate responsibility, both through the services we provide and in the manner in which we conduct our business.

05. Brands

At the finish line, our brands bring home the value of hard work and commitment.

In addition to the remarkable qualities of the nuts, our foods possess the wild taste of Africa.

We can accommodate orders for roasted and salted macadamia and cashew nuts, honey-coated macadamia and cashew nuts, roasted coffee, green coffee and tea.

Tea

The magic inside begins from the fertile slopes of Mt. Kenya where some of the world's best tea leaves sprout. True to the African spirit, we take our time to handpick, slow roast and carefully process each leaf.

As you savour the distinctively wild taste and fresh aroma, give thanks to the Great Rift Valley. For it is here that volcanic soils blend with an ideal climate to make our tea renowned the world over.
